# CURE OM Global Science Meeting

Monday, October 17th  
Edinburgh, Scotland and virtually

The Melanoma Research Foundation's (MRF) CURE OM Initiative presents the 2022 CURE OM Global Science Meeting in conjunction with the Society for Melanoma Research's (SMR) Annual Congress!

Join ocular melanoma researchers and clinicians from around the globe to discuss the latest research and priorities in the field. Through fostering collaboration and innovation, this meeting will aid in improving ocular melanoma patient experiences and outcomes.

CURE OM is the MRF's initiative which aims to accelerate and support research, increase awareness and education, and provide support to the OM community.
